

# HEADREST ADJUSTORS

Up and Down Headrest Adjuster

Front to Back Headrest Adjuster

Driver and passenger safety is what matters to us at JVIS. Comfort is just an adjustment away with JVIS's new headrest adjuster featuring up, down, forward, and aft positions. It is powered by a state of the art D. C. motor which delivers more torque with less power. It includes a state of the art Hall Effect sensor for easy integration with memory seat applications. Our unique sliding guide carrier system offers greater support, rigidity and reliability. Its small size can be adapted to seat architectures. Utilizing state of the art materials for strength, weight, and reliability, JVIS's new headrest adjuster is a perfect solution for added driver comfort and safety. If you require more information, please [contact us](#) on our website or by using the information listed to the right.
