

LUMBAR SUPPORT SYSTEMS

Driver and Passenger comfort is just an adjustment away with JVIS's lumbar support systems. Our lumbar support systems are available in either a 2-way or 4-way configuration offering both manual and power assisted systems. Our power system utilizes our state of the art D. C. motor delivering more torque at similar power consumption. A Hall Effect sensor is integrated into the motor for memory seat requirements as well. Our system utilizes lightweight materials optimizing strength, weight, and reliability without sacrificing lumbar support comfort, making JVIS a perfect solution for premium comfort. Take some stress out of driving with JVIS's new Lumbar Support Systems. If you require more information, please **contact us** on our website or by using the information listed to the right.
